Abstract

Knowledge base has become a trending topic in both field of database system and natural language processing (NLP). In this report, we investigated the whole process of processing, constructing and querying on Wikidata, an open-source knowledge base. To make data import more

Introduction

This is example text. It is 10 point Times New Roman. The first sentence after the heading begins without a paragraph indent.

This is example text. The second paragraph is indented 10 points, with no extra space between lines. The text is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman.

This Is an Example Subsection Heading

The text below a second-level heading begins without indentation. This is example text. It is 10 point Times New Roman.

This is the second paragraph. It in formatted with the Text-indent style. This is example text. This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman.

This is a Subsubsection Heading

This is example text. It is 10 point Times New Roman. This is example text. It is 10 point Times New Roman.

This is example indented text. It is 10 point Times New Roman. This is example indented text. It is 10 point Times New Roman. This is example indented text. It is 10 point Times New Roman. This is example indented text. It is 10 point Times New Roman..

This is an example of an extract or quotation. Note the indent on both sides. Quotation marks are not necessary if you offset the text in a block like this, and properly identify and cite the quotation in the text.

This Is an Example of a Figure Caption.

Margins

Papers **must** be printed in two-column format on 8-1⁄2 x 11 inch paper. The margins if you use 8-1/2 x 11 inch paper must be **exactly** as follows:

• Top margin: 3⁄4 of an inch
• Left margin: 3⁄4 inch
• Right margin: 3⁄4 inch
• Bottom margin: 1-1⁄4 inches

The actual image size for your paper (minus margins) is 7 x 9 inches (17.78 x 22.86 cm). Papers that deviate from these measurements will not be published.

Wikidata Overview

All fonts must be embedded for your paper to be published. No exceptions.

Database Design

All fonts must be embedded for your paper to be published. No exceptions.

All fonts must be embedded for your paper to be published. No exceptions.

Query Optimization

All fonts must be embedded for your paper to be published. No exceptions.

Application Design

All fonts must be embedded for your paper to be published. No exceptions.

Future Work

All fonts must be embedded for your paper to be published. No exceptions.

Conclusion

All fonts must be embedded for your paper to be published. No exceptions.
